

**PROCUREMENT OF MUSIC FOR VISITING MUSICIANS:**

Because it is a violation of the International Copyright Law to electronically copy, scan and/or send music that is already published, Saint Francis of Assisi Music Ministry does not supply sheet music to visiting and/or professional musicians. If a professional musician therefore needs printed, published sheet music, it is their professional responsibility to procure it. Any visiting musician(s) should find it is a normative responsibility to expand their personal professional repertoire collection.

Saint Francis of Assisi Music Ministry will however provide links to the appropriate Publisher's websites upon request.

Thank you.
